Date Gift Received	Description of gift or benefit	Recipient Name	Recipient Position Title	Market Value	Donor Name	Justification	Retained by	Approved by
03/12/2023	Fund flights, accommodation, meals and transport arrangements for the European Crane and Heavy Transport Seminar in Germany and The Netherlands, 3 to 10 December 2023	Mandy J Haldane	Director (Structures and Network Access Program)	\$7,587.00	The Crane Industry Council of Australia (CICA)	Cranes, with 95% from Germany, pose the highest risk to structures. Engaging German road authorities facilitates knowledge exchange on sustainable heavy vehicle access and infrastructure longevity. Interactions with crane engineers influence tailored product development for Australia, aligning with operator and road manager perspectives. This promotes idea exchange and contributes to advancing Qld's heavy vehicle access regime, ensuring international best practices alignment.	Employee	Deputy Director-General (Infrastructure Management & Delivery)
08/12/2023	Invitation to the Roads Australia Luncheon with the Minister presenting	Claire Thorstensen	Manager (Sustainability)	\$290.00	ARUP Consulting	TMR is working with ARUP to better understand sustainability and emissions calculation requirements. To hear the Minister's perspective on these highly topical matters will benefit related direction setting and alignment for TMR and the event would attract like-minded industry stakeholders who	Employee	General Manager (Program Delivery and Operations)
08/12/2023	Invitation to the Roads Australia Luncheon with the Minister presenting	Arunav Kakati	Principal Engineer (Civil)	\$240.00	SMEC	Attending this event will enhance my knowledge of TMR's approach towards major project delivery in context of the upcoming 2032 Olympic	Employee	General Manager (Program Delivery and Operations)
08/12/2023	Grove GMK6300L-1 All-terrain Crane 1:50 collectible model	Mandy J Haldane	Director (Structures and Network Access Program)	\$735.00	Manitowoc Cranes	Gift given to Australian road manager attendees of the European Crane and Heavy Transport Seminar. Cranes pose the highest risk to structures. Gift of model crane promotes understanding of international crane design, suspension systems, and load configuration. This enables the Department of Transport and Main Roads to better manage crane impacts on our critical infrastructure and contributes to advancing Qld's heavy vehicle access regime, ensuring international best practices alignment.	TMR	Deputy Director-General (Infrastructure Management & Delivery)
