

## Register of Prequalified Suppliers for Noise Barrier Design

as at 12 February 2024

Company	Registration Expiry	Registration Level
AECOM Pty Ltd*	24 January 2025	2
Bonacci Group (QLD) Pty Ltd*	24 January 2025	2
SMEC Australia Pty Ltd*	24 January 2025	2
AURECON Australasia Pty Ltd	25 March 2027	2
ARUP Australia Pty Ltd*	03 May 2026	2
Jacobs Group (Australia) Pty Ltd*	03 May 2026	2
Osborn Lane Consulting Engineers	03 May 2026	1
GHD Pty Ltd*	21 July 2026	2
HDR Pty Ltd*	03 May 2026	2
Blackstorm Engineers Pty Ltd	30 January 2027	1
WSP Australia Pty Ltd*	03 May 2026	2

### Note:

- This list is regularly updated. Ensure that current version is used.
- Conditions of registration apply as per Letter and Certificate of Registration except \* as they are already in the Bridge Design prequalification systems for noise barrier design.
- At awarding of contact, registration must be current.
- Registration Levels:
  - Provisional Level: New Companies and Companies who have not previously undertaken Transport and Main Roads projects and simple noise barrier designs where geometry is substantially predetermined. Registration valid for (12) months.
  - Level 1: Low volume Companies and not mature enough to undertake complex geometric, traffic, hydraulic, environmental and geotechnical designs. Registration valid for three (3) years.
  - Level 2: High volume companies with satisfactory long-term performance and complex noise barriers using non-standard structural members. Registration valid for three (3) years.
- The Registration is given on assessment of Technical Capability and Quality Management System.
